

Internship (m/f/d) in Supply Chain Management

You would like to gain experience in consulting?

You would like to bring in your own ideas and realize them from the first day?

You are motivated, flexible and can't wait to tackle new challenges?

Then we are searching for you **part- or fulltime** (20h – 40h per week) **from January 2021** for 4-6 months!

Who are we?

Supply Chain Partners consists of a dynamic team that provides high-quality services for optimizing the supply chain. In our work we focus on processes, people & culture and technology.

We emerged from a team with more than half a century experience in consulting and in supply chain functions. Our aim is not only to develop theoretical strategies and concepts, we support our customers on site until improvements have become tangible and measurable.

Your tasks

- Development of concepts to fulfill customer requirements
- Supporting the implementation of measures to optimize the supply chain (eg realizing cost savings, optimizing processes, reducing WIP, optimizing inventory management ...)
- Preparation of presentation documents
- Extensive data analysis and processing
- Project-management

We are looking for

- Advanced or completed studies in business or technical studies
- Above-average enthusiasm plus a winning and customer-oriented appearance
- High accuracy, reliability and willingness to learn new topics
- High team and communication skills
- Willing to travel for up to 4 days per week in the DACH region
- Very good German and English skills (spoken and written)
- Very good MS Office knowledge
- Additional programming languages are an advantage

As an intern you will get a minimum salary of EUR 1.800 per month (based on a full time employment of 40 h per week)

We are looking forward to your application to recruiting@scpartners.at (cover letter + CV) with a short description what you are passionate for.
